PUBLIC WORKS DEPARTMENT, BENGAL.

DISTRICT ROAD FUND.

NOTIFICATION No. 104.

The 14th March 1882.

The following annual accounts and reports of the Road Cess Committees of the 24-Pergunnahs, Nuddea, Jessoro, and Moorshedabad districts, of works done and in progress during the cess year 1880-81, together with the remarks thereon of the Commissioner of the Presidency Division, are published for general information.

G. F. E. S. NEILL, Major, M.C.E.,
Asst. Secy. to the Govt. of Bengal, P. W. Dept.

No. 72R, dated Alipore, the 30th December 1881.

From—D. R. LYALL, Esq., Chairman, Road Cess Committee, 24-Pergunnahs,
To—The Commissioner of the Presidency Division.

I HAVE the honour to submit herewith the annual accounts and report of the Road Cess Fund of this district for the cess year 1880-81, as approved by the District Committee at a special meeting held for the purpose under section 179 of the Cess Act.

2. The number of meetings held both by the District and the Branch Committees
Meetings of the Committee and the attendance of members is given in the accompanying abstract.

3. There has been no change in the roads under charge of the Committee since last
year. There are the same 37 metalled and 62 unmetalled roads in their charge as were last reported, besides innumerable village roads and foot-paths.
The number of roads in charge of the Committee and their state.

The roads are deteriorating, and owing to the insufficiency of funds it is impossible for the Road Cess Committee to keep them up to their present standard, far less to improve them. The requirements of the district and the inability of the funds to meet them were lately brought to the notice of Government, and a special grant-in-aid applied for, but the application has since been rejected. The Committee is now doing all it can to keep the roads in a passable condition with the limited means at its disposal.

4. The most important village roads in each sub-division were repaired during the year from allotments made for the purpose to each sub-divisional

State of village roads. Branch Committee whose members evinced as great interest in superintending the repairs of village roads entrusted to them as in attending the meetings. The demands for village roads were very numerous, but the Committee was only able to comply with those that were most urgent or which were supposed to be of advantage to the greatest number.

5. Fruit trees have been planted on two roads, and such plantations are being extended every year to other roads according to the state of the Tree planting and nursery garden funds.

No nursery gardens are necessary in this district as young trees are procurable in any quantity at all seasons of the year.

The working of the establishment under the Committee. 6. The several establishments under the Committee are reported to have worked well.

7. The people appear to have been reconciled to the cess, and all wish to benefit from it. Numerous applications from all parts of the district are now constantly received praying for the repair of village roads, and dissatisfaction is freely expressed when these are not complied with. The people at large do not understand how expensive a matter it is to keep up metalled roads and do not understand what becomes of the money.

D. R. LYALL,
Chairman, Road Cess Committee, 24-Pergunnahs.

Explanatory memorandum to accompany the road cess annual accounts of the 24-Pergunnahs for 1880-81, under paragraph 14 of Government instructions for preparation of the annual accounts.

As per budget head.	Increase or decrease.	EXTRAVAGANCE.
<i>Receipts.</i>		
Land cess	Decrease	The decrease is owing to the last day of payment of the September instalment falling in October owing to intercession of the Durga Puja holidays. However, on the 10th of October last, the first opening day after the holidays, the greater portion of the balance for the year was collected.
One per cent road cess.	Increase	The increase is owing to several holdings becoming due during the year, as well as to certain areas collections of this percentage on account of the past year.
Fines and fees	Do.	The increase is owing to realization of fine from zamindars for delay in the submission of their returns for re-valuation of their cess, and also to realization of interest on arrears of cess according to the new Act.
Miscellaneous	Do.	The increase is attributable to advantageous sale of produce on roads, and the refund of Rs. 6,000/- granted to the 56 gram department for the construction of a pathway and the excavation of a ditch at Bhappa.
<i>Expenditure.</i>		
Refunds	Decrease	All the refunds calculated could not be made during the year.
Provincial rates and administra- tion and sta- tistics.	Do.	The decrease is owing to saving of Rs. 42/- from the money provided for the extra establishment for the re-valuation of the cess during the year as well as to other savings in the office establishment and contingencies.
Original works	Do.	The saving under this head is owing to non-expenditure of the total amount provided for each original work.
Roads	Do.	The decrease under this head also is owing to savings of estimates, full amounts of which were not required to be paid to contractors, owing to decrease of the tendered rates by such contractors.
Establishment	Do.	The decrease is owing to savings effected in office establishment.
Tools and plant	Do.	The decrease is owing to non-purchase of certain petty articles.

D. R. LYALL,
Chairman.

No. 148RF, dated Kishnaghur, the 13th December 1881.

From—The Magistrate and Chairman of the District Road Cess Committee,
Nuddea,

To—The Commissioner of the Presidency Division.

I HAVE the honour to submit herewith the annual accounts and report of the Nuddea Road Fund for the year 1880-81.

2. The works executed were mostly repairs and improvements of the existing metalled and unmetalled roads of which the respective lengths were as before 148½ and 682 miles. Many roads sustained a good deal of surface damage from the heavy rains, but on the whole the roads were left in fair order.

3. The original works for the year consisted of construction of three arched culverts and six temporary timber bridges on timber abutments and piers, and reconstruction of two timber bridges on masonry supports. Four of them could not be completed owing to intercession of the floods, and the others were constructed in accordance with their plans. Rs. 4,902.8 were allotted to the Chopra and Nischindpore road for payment of a liability and construction of some temporary timber bridges. The money was not spent, as the detailed project, the preparation of which was delayed pending the decision by the Executive Engineer of the Nuddea Rivers Division of the question of construction of a strong embankment on the bank of the Jellinghee river, was not sanctioned during the year.

4. Rs. 8,281-11-6 have been spent this year on the construction of 51 village roads in the district. The Branch Committees evinced a fair amount of interest in their work, but in Chooodanga, Kustea, and Meherpore there were only two, three, and three meetings respectively. More were not held as there was nothing to be done besides the business transacted at the meeting held.

5. Sixteen thousand seven hundred and five indigenous fruit-bearing trees of different kinds have been planted in the four nurseries, viz. :—

Kishnaghur nursery	6,450
Dowlutgunge	3,900
Balia	4,155
Chooodanga	2,200
			Total	...	16,705

And 2,775 young trees have been transplanted from them on nine of the important feeder roads, viz. :—

Kishnaghur and Kissengunge road	167
Ditto and Buggulla	566
Ditto and Samipore	370
Ditto and Nuddea	185
Chooodanga and Meherpore	217
Ditto and Jhenada	339
Ditto Kutelbery to railway station road	27
Chogdah and Bongong road	496
Kissengunge and Baromasia	408
		Total	...	2,775

6. The young trees transplanted last year are thriving well. They were carefully nursed and protected.

7. The works for the coming year will be repairs of all existing lines of communications and construction of Khoksa bazar to Khoksa railway station road, and a large number of bridges and culverts and some diversions on roads which have been cut into by the rivers Jellinghee and Matalbhanga.

8. There is nothing to be added to the remarks in my letter No. 431 of the 17th March 1881, with regard to the feelings of the people towards the levy of the road cess.

9. The collection office and Committees' establishments gave satisfaction.

10. The District Engineer worked satisfactorily, as did most of his establishment.

W. H. M. GUN, Vice-Chairman.

No. 64R, dated Jessore, the 31st December 1881.

From—E. J. BARTON, Esq., Magistrate and Chairman, District Road Cess Committee, JESSORE.

To—The Commissioner of the Presidency Division.

I HAVE the honour to submit herewith the Road Fund Annual Report and Accounts for the cess year 1880-81, together with the requisite explanatory notes required under Government circular No. 8A, dated 4th February 1878.

2. The estimates of income and expenditure for the year under review were considered and passed by the District Committee at a meeting held on the 10th July 1880. The receipts were estimated at Rs. 1,04,911, and the expenditure at Rs. 1,03,035. The actual receipts were Rs. 98,118, and the actual expenditure amounted to Rs. 1,04,592. The details of the expenditure are given in Form No. 6, Part II of the annual accounts. All the important local works were carried out by the District Engineer, and the village roads and minor works by the Branch Committees, under the supervision of the Chairman and members.

3. The District Committee met nine times (on two of which occasions there was no quorum)—three times in the beginning of the year to pass the annual accounts, three times in the middle to consider various estimates and for the transaction of miscellaneous business, and three times towards the close to pass the budget estimates for 1881-82, and fix the cess rates. With very few exceptions the non-official members took but little interest in the administration of the fund at their disposal.

4. The Committee resolved at a meeting held on the 26th July last to levy the maximum rate of cess during the year to meet the estimate for expenditure passed at the previous meeting (24th July 1881).

5. The accounts now submitted were laid before a meeting held on the 29th December 1881, after being previously examined and passed by a Sub-Committee, consisting of the Chairman and two members. The report of the Sub-Committee is herewith attached, vide Statement B.

7. The following is a brief description of the principal works carried out during the year, viz.

8. Surface repairs have been executed on 359 miles of roads, that is, all the roads entered in the printed list have been maintained throughout.

9. Repairs to flanks and renewal of metal have been carried out on the six principal roads, and the embankment has been raised and widened on the Jessore and Kallygunge Road.

10. All the bridges and culverts have been maintained throughout the district, and six new culverts constructed.

11. Inspection-bungalows have been built during the year at Chowgatoba, Trimohinee, and Narainpore, enabling the better supervision of the works on those roads.

12. *Arboriculture.*—Two thousand eight hundred and sixty-nine fruit-trees have been planted on the roads in the Sudder sub-division, and a large orchard established at the Smidier, which has been stocked with graft fruit-trees of the best qualities. Graft fruit-trees have also been planted in the compounds of six of the inspection-bungalows, and nurseries have been established at Jhenidah and Kotchandpore.

13. *Station roads.*—The sum of Rs. 1,183 was expended in repairs to station roads at Jhenidah, Alagoora, Narail, Khoolnah, and Bagirhat, and the works were carried out under the immediate supervision of the different sub-divisional officers.

14. *Village roads.*—The sum of Rs. 15,042 has been expended on village roads in the district, for which the following work has been done, viz. :—

Sudder sub-division.—Eighteen important roads have been repaired, two culverts constructed, and 90,000 kuteeh bricks burnt for the construction of a 12-feet bridge on the Barobazar and Khojura Road, at a cost of Rs. 2,185.

Jhenidah sub-division.—Nine of the principal old roads have been repaired, four new ones constructed and two others commenced, and two tall-wood bridges constructed, at a cost of Rs. 1,900.

Majgorrah sub-division—Forty-five old roads have been repaired, six new ones constructed; also two temporary bridges, at a cost of Rs. 2,000.

Narail sub-division.—Six village roads have been constructed and 32 repaired, together with one bridge, at a cost of Rs. 2,010.

Khoolnah sub-division.—Twenty-five village roads have been repaired and 21 soudry bridges and one pucca culvert constructed during the year, at a cost of Rs. 8,916.

Bagirhat sub-division.—Nine village roads, aggregating 254 miles in length, have been repaired, and four aggregating 7½ miles constructed during the year, together with seven bridges, at a cost of Rs. 2,842.

15. I now proceed to state briefly the proposed road cess work operations for the ensuing year 1881-82, as required by Government circular No. 50, dated 23rd July 1878:

16. The expected income from cesses leviable under the Act, and from other sources, is estimated at Rs. 1,11,230, of which sum it is proposed to expend Rs. 18,522 on original works and Rs. 64,851 on maintenance and repairs.

17. The principal works for execution are the following :—

- (a) The existing roads, which are 359 miles in length and are exclusive of the station roads, will be repaired and kept in order.
- (b) The one-and-a-half miles remaining to be metalled on the Jessor and Kallyunge Road will be completed, as also the construction of four new culverts on the same. Six lakhs of bricks will have to be manufactured on this road to complete the above works.
- (c) Portions of metalling will be renewed on the following roads :—

Jessore to Afra.
Singha to Basantea.
Station roads beyond municipal limits.
Jessore to Kallyunge.
Kallyunge to Khalispore.
(Kissengunge Railway Feeder Road.)
Jhenidah to Boraic.
(Chooadanga Railway Feeder Road.)

- (d) The bridges and culverts in the different sub-divisions will be repaired to the extent of the budget allotments, aggregating Rs. 6,663.
- (e) One inspection-bungalow will be built at Jhingergacha.
- (f) New village roads will be constructed and the old ones kept in repair.
- (g) Arboricultural operations will be carried out on the different roads, and the nurseries and orchards duly maintained.

18. A statement (Appendix A) is herewith attached, showing the number of meetings held by the District and Branch Committees for the cess year 1880-81, as per form referred to in Bengal Government Resolution No. 395A, dated 15th May 1877, from which it will be seen that the percentage showing attendance of members has been not quite so satisfactory as last year.

19. As usual the sub-divisional officers in the district have displayed great interest in the welfare of their respective sub-divisions by actively supervising the construction and repairs of the village roads situated therein, and the undermentioned gentlemen also deserve prominent notice for the active interest taken by them in the working of the road cess operations :—

20. The Sub-divisional Officer of Jhenidah reports: "The repair of Kotchandpore Road was the only work entrusted to a contractor. It was done under the supervision of the Overseer and the Chairman. The works entrusted to members and to Mr. Tweedie were properly carried out under their supervision. Most of the work done was inspected by the Chairman during his tours into the interior. The grant for village roads was laid out to the best advantage of the public; not a rupee was spent on works intended for the comfort and convenience of individuals. Every road on which money was spent is useful to the villagers, and calculated to keep open communication between villages and for cart traffic in the dry season."

21. The Sub-divisional Officer of Magoorah reports: "The village roads repaired or constructed during the year under report were not of such an important nature as to demand any special notice. During my last winter tour I visited almost all the village roads repaired or constructed during the year 1879-80, and in my present tour I have been inspecting the village roads repaired and constructed during 1880-81. The roads repaired and constructed appear to be in fair order. In a few cases the canoongoe and some of the members of the Committee inspected some of the village roads. The station roads

for the maintenance of which Rs. 200 only were allotted during the year, were repaired and kept in fair order as far as the fund admitted of their being so done. For metalling a part of the road leading to the Nuldanga Rajah's bāt at Magoorah, Rs. 100 were liberally contributed by the Rajah."

22. The Sub-divisional Officer of Narail reports that "five meetings were held during the year, in all of which there was a quorum. Whenever practicable sums were entrusted to village headmen and other influential parties for the construction and repairs of roads. In some cases, however, these works had to be entrusted to members of the Committee. As usual, sums were sanctioned for works after enquiries as to their utility and the approximate sums necessary to carry them on. The station fund was utilized in metalling some of the station roads, clearing jungles on their sides, and keeping others in repair. On the whole the sum entrusted to the Branch Committee during the year of report was advantageously spent."

23. The Sub-divisional Officer of Khoolnah reports: "The Branch Committee was composed of twelve members, all of whom, except one, attended at least some one of its sittings, and took interest in the work. The persons who voluntarily executed the road works in this sub-division were headmen of the villages, who worked according to estimates made by the sub-overseer, and under the supervision of the Chairman, Vice-Chairman, sub-overseer, and members of the Committee. The estimates were sanctioned in the Committee, and when the members and headmen of villages were unable to undertake the works in their own hands, they were given to contractors under the supervision of the road cess establishment, and when completion of works was reported, the sub-overseer was directed to measure before payment was made."

24. The Sub-divisional Officer of Bagirhat reports: "Six meetings were held during the year, in all of which there was a quorum. All the members took much interest in their duties."

25. During the year the Executive Engineer appears to have been unable to attend any of the road cess meetings.

26. *Flood of 1881.*—The floods were of no magnitude; the Nohoganga river only rose thirteen inches above last year's flood. The maximum occurred at Magoorah on the 6th September 1881.

27. The collections during the year have been satisfactory. The demand for the past year was Rs. 2,03,16¹, to which must be added the arrears outstanding from last year, amounting to Rs. 18,384, both together making a total of Rs. 2,23,015. The current demand for the previous year was Rs. 2,03,811, and the arrear demand Rs. 26,540, the gross demand having been Rs. 2,30,351. The total collections have been Rs. 1,91,208 against Rs. 2,12,313 of the previous year. Thus, though the past year began with smaller arrears, the collections during the year have not been so good as in the previous year. The percentage of total collections on current demand is 93·6 against 104·1 in 1879-80. The apparent decrease in the collections is not, however, due to any laxness or lack of supervision on the part of the collecting agency, but is entirely attributable to the September kist falling in the Dassera vacation. The 28th September was the kist day, and the treasury closed on the 27th idem. The dues have nevertheless been almost fully paid up on the re-opening of the offices, and are still being cleared. The collections amounted to Rs. 12,180 in October, and up to the 16th instant, Rs. 6,437-14 more have been received, making a total of Rs. 18,626-14-10. By far the greater portion approaching nearly this total amount belongs to the past year. The adjustment of the accounts has not yet been effected so that the exact amount credited for the current cess year cannot be eliminated from these figures; but it may be confidently asserted that the collections will not indicate any retrogression—rather an improvement will be noticed. The collection department of the Road Cess office was administered from the beginning of the past cess year to the 8th July by the late Deputy Collector Baboo Jodunath Chowdry, and since his death it was placed in the hands of Deputy Collector Baboo Adharlal Sen. I have reason to be well satisfied with the way in which both Deputy Collectors performed the duties.

28. Mr. C. H. Burt, the District Engineer, has continued to give satisfaction to myself and the Committee in the performance of his duties. Mr. Burt also speaks favourably of the following subordinates:—

Baboo Uma Churn Ghose, sub-overseer,
,, Panch Coris Bauerjee, ditto,

who have, as in previous years, performed their duties with zeal and energy. He also speaks well of the Head Clerk and Accountant Baboo Mohind Chunder Sen, and of the other clerks generally in the office.

29. The operations of the Road Cess Committee have been well appreciated, and the only regret is that the limited funds have prevented them from being more extensive throughout the district; there is a great demand for roads not only for great lines of thorough communication between distant places but for village roads. The effective limit to the activity of the Committee is the want of money. The existence of the Road Cess Fund is known and valued in every village, and whenever I go, even in the aqueous regions of the Sunderbans, the inhabitants come forward with petitions for roads. The great lines of communication have been maintained, and in scores of villages many useful village paths have been made or old ones extended, widened, raised or otherwise improved; yet in this great district very much remains to be done.

Sub-Committee's report on the Examination of Annual Accounts under section 179 of the Act for the year 1880-81.

MR. R. J. F. STEVENS ...
BABOO ADHARLALL SEN, Road Cess } Members.
Deputy Collector ...

We the Sub-Committee appointed to examine the accounts of the road cess for the year 1880-81 beg to lay our report before the District Road Cess Committee.

2. The monthly accounts have been audited by the Sub-Committee month by month, so that we have thought it unnecessary to examine them again, but have merely compared with the totals.

3. We have compared the actual receipts and expenditure with the budget estimate, and found Rs. 6,801 deficient on cess on lands which is explained by the last kist of the year falling due after the Doorga Pooja vacation.

4. We have compared several estimates of original and repair works with the actual expenditure, and we find that, except in a few instances, and that for very small sums that estimates have not been exceeded, and that the charges have been made according to the rates shown in the estimates; also saving of Rs. 2,590 in original works and Rs. 4,198 in repairs have been effected, and which is due to cause mentioned in the usual explanatory notes attached to the accounts for the year.

No. 91 RC, dated Jessore, the 20th December 1881.

From—BABOO ADHARLALL SEN, Deputy Collector in charge of Road Cess Department, Jessore,

To—The Magistrate and Chairman of the District Road Cess Committee.

With reference to your No. 41R, dated 28th ultimo, calling for an explanation as to the cause of differences existing in the road cess accounts for the past year 1880-81 between the figures under the headings "Cess collections on lands," "One per cent. road cess," and "Miscellaneous" of the budget and those realized and credited to the account in favour of the fund kept at the treasury, I have the honour to submit as follows.

Cess on land.

		Rs.	A. P.
As per budget	...	1,02,475	0 0
Realised during the year	...	95,673	2 7
Net difference	...	6,801	18 6

This difference (a deficit) is entirely due to the last September kist having fallen within the Dusserah vacation. The 28th September was the last day, and the treasury closed on the 27th idem. The dues have nevertheless been almost fully paid up on the re-opening of the offices.

One per cent. Road Cess.

				Rs.	A.	P.
As per budget	490	0	0
Realized during the year	383	7	9
			Deficit	106	2	3

This deficit is also attributable to the same reason.

Miscellaneous.

				Rs.	A.	P.
As per budget	1,941	0	0
Realized during the year	2,060	6	2
			Excess realized	119	6	2

This excess realization, as compared with the year preceding to the last, is probably to peons' talabana and interest at 12 per cent. having been realized for a portion of this year in consequence of a misapprehension under orders of the late Deputy Collector in charge.

No. 51, dated Berhampore, the 22nd November 1881.

From—H. MOSLEY, Esq., Chairman of the District Road Cess Committee, Moorshedabad,

To—The Commissioner of the Presidency Division.

I HAVE the honour to submit, under section 179 of the Road Cess Act, the annual accounts and the following annual report on the operations of the Moorshedabad District Road Fund during the past year, from 1st October 1880 to 30th September 1881.

2. All members of the District Committee except five or six mostly attended the meetings regularly, and out of those five or six members some of them had good reasons for their not attending. However, no difficulty was experienced last year in securing a quorum. The statement A is annexed to show details of the meetings and attendance of members of the Sudder and Branch Committees.

3. There are three Branch Committees, namely at Jungipore, Kandi, and Chua. The Chua Branch Committee stands foremost in the interest taken in carrying out the repairs of the village roads under it, but it is very irregular in submitting its accounts, much greater improvement being shown in this respect by the other two Branch Committees. The District Committee found that a sum of Rs. 10,000 was the utmost they could afford to allot for village roads, having due regard at the same time to the interests of the main roads of the district and all other necessary expenditure for establishment, &c. The general distribution of the allotments for village roads and their expenditure are believed to have given general satisfaction to the villagers concerned.

4. The maximum rate of cess was levied during the year. In the collection of road cess no improvement was observable over past years, chiefly owing to the arrears from the estates in the Court of Wards. The percentage of collection to demand was 87 4G.

5. As regards the nature of the feelings of the people towards the levy of the road cess, I repeat what was said last year, that it is believed that the people of this district are reconciled to the cess.

6. The District Engineer's establishment and the establishment under the Road Cess Deputy Collector appear to have worked only fairly well. The re-valuation work is still being carried on, and a report will be made when it is finally completed.

7. All the main roads, as included in the printed list sanctioned by Government, with exception of portions of few minor ones, were repaired and kept in a fair state.

8. Of the original works, six culverts and one causeway were completed and opened to traffic during the year under report. Two other culverts were being built when the high floods of the river Bhoyrub stopped further progress. These are to be completed during 1881-82.

9. There are some 591 $\frac{1}{4}$ miles of roads maintained by the Road Cess Committee of this district. Of these, 26 $\frac{1}{2}$ miles are pucca roads, kept in good repair, and are in fair order; 207 $\frac{1}{2}$ miles are second class roads, embanked and bridged, and were also put into good order; and the remainder are roads of an inferior description, which were all repaired, except about 60 miles. Some of the roads were much improved by raising the surface and building culverts where necessary.

10. Fruit-bearing trees and guango plants for fodder have been planted on the sides of roads to a length of about 12 miles, and a good number of mango plants are being reared for plantation during the next rainy season.

No. 104, dated Berhampore, the 29th December 1881.

From—H. MOSLEY, Esq., Chairman of the District Road Cess Committee, Moorshedabad,

To—The Commissioner of the Presidency Division.

In compliance with your letter No. 23 P.R. dated the 20th instant, I have the honour to submit the following report of the works which have been proposed to be done in the current year 1881-82.

2. At a meeting held on the 9th August 1881 an estimate was prepared for the year 1881-82 in which the total income including the estimated balance was set down at Rs. 1,03,178, and the expenditure Rs. 83,403. Rs. 11,040 and Rs. 2,513 were allotted, being estimated cost of constructing main roads and bridges and for planting trees respectively, Rs. 41,498 being allotted to repairs to the main roads and drainages, and Rs. 10,000 being sanctioned for the village roads.

3. As regards the question of interest taken by the members of the District and Branch Committees, I beg to refer you to paragraph 2 and first part of paragraph 3 of my No. 51, dated the 22nd ultimo, and for ready reference I submit the copy of the same as follows:—

"2. All members of the District Committee except five or six mostly attended the meetings regularly, and out of those five or six members some of them had good reasons for their not attending. However, no difficulty was experienced last year in securing a quorum. The statement A is annexed to show details of the meetings and attendance of members of Sudder and Branch Committees.

"3. There are three Branch Committees, namely of Jungipore, Kandi, and Chua. The Chua Branch Committee stands foremost in the interest taken in carrying out the repairs of the village roads under it, but it is very irregular in submitting its accounts, much greater improvement being shown in this respect by the other two Branch Committees."

"4. With reference to paragraph 2 of the letter under reply, I have to state that I find no mistake in the calculation of Rs. 815-11-10, being the pay of the head clerk of collection department, and the account is herewith resubmitted.

C. B. GARRETT,
Vice-Chairman.

Explanatory memorandum of the discrepancies of the receipts and expenditure to accompany the annual accounts for the year 1880-81.

Items.	Amount as per budget estimate.	Collection during the year.	Difference.	Explanation.
INCOME.				
Cost on land	69,112	69,100 11 1	1,937 11 1	The collection of arrears of past year is the cause of the increase.
One per cent. road cess	607	776 3 1	220 13 11	The estates are in arrears.
Peons' fees	500	180 4 2	320 11 0	In many cases the fees are still outstanding and will be realised along with the unpaid arrears of cess on lands. Since August last, notice of certification for realisation of arrears of cess were, under Commissioner's order, transferred to the Collectorate bank for services. The amount payable for these will not be an income of the Road Cess Committee.
Fines	25	420 2 6	420 2 6	The realisation of fines for non-submission of returns for re-validation, which was not expected when the budget was prepared, is the cause of the increase.
EXPENDITURE.				
The salaries of clerks, mohuriks, and peons for collection office paid for 13 months instead of 12 months.				The increased expenditure is owing to the salary of the month of September 1881 being paid in September 1881 under general order of Government on account of Durga Puja holidays.
<i>Re-validation work.</i>				
Two mohuriks, at Rs. 15	360	356 7 4	26 7 6	A sum of Rs. 140 in addition to budget allotment was sanctioned by the Commissioner in his No. 19P.R. of 27th September 1881.
One mohurik at Rs. 10		60 10 11	60 10 11	A sum of Rs. 350 in addition to budget allotment was sanctioned by the Commissioner in his No. 19P.R. of 27th September 1881.
Contingent expenses Stationery and printing		99 5 6	99 5 6	
		94 3 11	5 3 11	
<i>Establishment and contingencies of Committee's office.</i>				
Accountant, at Rs. 60	720	720 0 0	0 0 0	The increased expenditure is owing to the salary of September 1881 being paid in September 1881 under general order of Government on account of Durga Puja holidays.
One peon, at Rs. 6	72	78 0 0	6 0 0	A sum of Rs. 17 in addition to budget allotment was sanctioned by the Commissioner in his No. 19P.R. of 27th September 1881.
Cost of publication of accounts and reports in the Calcutta Gazette.	80	96 3 9	16 3 9	
<i>Original works.</i>				
Re-building a culvert at Chuna on Gorabazar to Pathabazar road.	1,368	1,353 6 3	25 6 3	A further sum of Rs. 26 was sanctioned by the Commissioner in his No. 19P.R. of 27th September 1881.
Re-building a culvert at Shahobnagar on Darbhunia to Kharanagar road.	713	736 9 6	23 9 6	A further sum of Rs. 23 was sanctioned by the Commissioner in his No. 19P.R. of 27th September 1881.
<i>Repairs.</i>				
Repairing Kandi road from Radhabazar to Kalika.	1,646	1,674 8 3	28 2 5	An additional sum of Rs. 27 was sanctioned by the Commissioner in his No. 19P.R. of 27th September 1881.
Repairing old Darbhunia road from Pariatalah to Utpalika.	623	620 10 0	67 10 0	This item was omitted to be included in the application sent to the Commissioner for sanction.
Repairing Chandpore to Kakurash road.	720	—264 4 0	1,000 4 0	A sum of Rs. 47-12-10 was spent this year in repairing this road, and a sum of Rs. 662-1-7, the value of materials which were at the end of this road last year, was transferred to other works during this year; hence money Rs. 264-4-0.

C. H. GARRETT,
Vice-Chairman.

Reports by the members of the Moorshedabad Districts Road Cess Audit Sub-Committee Examined the road cess accounts under section 179 of the Road Cess Act.

We the undersigned members of the Audit Sub-Committee, beg leave to report that we have examined the annual accounts of the Vice-Chairman for the road cess year 1880-81, as required in section 179 of the Road Cess Act, and found them to be correct.

2. The statement of total outstanding due at the end of the cess year 1880-81, and the general abstract showing the total value of materials at site of different works at the end of the cess year were also received by us as recommended by the Sub-Committee appointed to examine the accounts of 1877-78.

BERHAMPORE,
The 28th November 1881. }

C. B. GARRETT,
Vice-Chairman.
T. BRATTY,
RAM DAS SEN.

No. 5 PR, dated Alipore, the 10th February 1882.

From—F. B. PEACOCK, Esq., Commissioner of the Presidency Division,
To—The Secretary to the Government of Bengal, P. W. Department.

I HAVE the honour to submit the annual accounts of income and expenditure of the road funds in the several districts of this division for past cess year ending the 30th of September 1881, together with copies of the administration reports received from the Chairmen of the different Road Cess Committees as noted in the margin.

2. The reports submitted by the Chairmen of the different Road Cess Committees appear to have been drawn up in accordance with the orders contained in the Government letter No. 973A, dated 14th September last. I do not think I need add anything to them.
